

Moses Kiarie

My name is Moses and MSCP started to help me in 2007. I had dropped out of school due to a lack of basic needs at home and gone to the street.

Staff from the project met me on the street and encouraged me to visit and eventually bought me uniforms and I was taken to school. I joined Class 5. I worked very hard and forgot street life and in 2010 I did my class 8 and scored 348 marks out of 500.

I joined Kirimara High School in 2011 from where I sat for my Form 4 examination. Currently I am waiting for the results.

The project has been my home since 2007; during school breaks I spend the holiday at the project. I feel very humbled by Chris and Sonia who are the founders of this organisation. May God provide for them in abundance because they are a blessing to the lives of many children and adults. I also salute all those who support this project, the sponsors and other donors and those who pray for it to keep going.

Psalms 61:2 is my prayer; I believe God will lead me to the rock that is higher than I. This rock is being referred to as a street kid, or a poor person among others.

In the future after my education I pray that God will help me to support somebody who will be in need. I believe street children will become a thing of the past.

I thank God and those whom He used to deliver me from the streets. I had lost hope in life but now I can see a bright future ahead of me. May God guide you all as you bring hope to many families. I don't have the words to express my sincerest gratitude because I am lacking words to use when I recall my past but I can't fail to pray that God blesses you all.

Moses Kiarie, Jan 2015
